

BV5060 7-in-1 UTILITY PEN

- Compass
- LED Light
- Ballpoint Pen
- Capacitive Stylus
- Phone Stand
- Phillips Screwdriver
- Flat Head Screwdriver

Flashlight: Flip compass up to reveal light, slide switch up to turn on.

Screwdriver: Twist black mid-ring counter clockwise and remove upper barrel. Flip driver to select desired flat or Phillips head.

Pen & Phone Stand: Twist and remove stylus cap to reveal pen. Rest the stylus cap on a flat surface and insert phone into notch (see pic).
