

iCOOL

GL1005 Rechargeable Flashlight

Instruction Manual

On/Off Push Button
Indicator Light
Micro USB Charging Port

Included:

1 x Flashlight / 1 x USB Charging Cable

Specification:

1. Brightness - Flashlight: 120 Lumens / COB Light: 12 Chips, 300 Lumens
2. Battery Capacity - 400mAh
3. Usage Time when Fully Charged -
Flashlight: 4~6 Hours / COB Light: 2 Hours

Operation:

1. Use the included cable to charge the flashlight before first use. Insert the Micro-USB plug into the flashlight port and connect the USB-A plug into a certified 5V charging device.
2. The indicator light will turn red when charging begins and will turn green when fully charged.
3. Press the On/Off button to switch between 3 different light modes -
Press 1x - Steady Light / Press 2x - Flashing Light / Press 3x - COB Light / Press 4x - Light Off
4. Extend the flashlight head for zoom function.
5. Do not tamper with or replace the rechargeable battery to avoid risk of injury.
6. Recharge the battery when light/s begin to dim to avoid deep discharge.

Caution & Safety:

1. Do not expose the flashlight to moisture, sunlight, or other heat sources.
2. Keep away from children.
3. Battery must be recycled and disposed of properly.
4. Operation temperature range between 32°F and 113°F.

FRONT

FCC Part15:

CAUTION: Risk of Fire and Burns. Do not Open, Crush, Heat Above 45°C/ 113°F for Incinerate. Follow Manufacturer's Instructions.

ATTENTION: Risque d'incendie et de brûlures. Ne pas incinérer, ouvrir ou endommager, ne pas exposer à une chaleur au-dessus de 45°C/113°F. Merci de suivre les instructions du fabricant.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

IMPORTANT SAFETY INSTRUCTIONS

WARNING - When using this product, basic precautions should always be followed, including the following:

- Read all the instructions before using the product.
- To reduce the risk of injury, close supervision is necessary when the product is used near children.
- Do not put fingers or hands into the product.
- Do not expose the product to rain or snow.
- Use of a power supply or charger not recommended or sold by the product manufacturer may result in a risk of fire or injury to persons.
- Do not use the product in excess of its output rating. Overload outputs above rating may result in a risk of fire or injury to persons.
- Do not use the product that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
- Do not disassemble the product. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury to persons.
- Do not expose the product to fire or excessive temperature. Exposure to fire or excessive temperature may cause an explosion.
