This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: .
1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

IMPORTANT SAFETY INSTRUCTIONS

- WARNING - When using this product, basic precautions should always be followed, including the following:
- Read all the instructions before using the product.
 - To reduce the risk of injury, close supervision is necessary when the product is used near children.
 - Do not put fingers or hands into the product.
 - Do not expose the product to rain or snow.
 - Use of a power supply or charger not recommended or sold by the product manufacturer may result in a risk of fire or injury to persons.
 - Do not use the product in excess of its output rating. Overload outputs above rating may result in a risk of fire or injury to persons.
 - Do not use the product that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
 - Do not disassemble the product. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury to persons.
 - Do not expose the product to fire or excessive temperature. Exposure to fire or excessive temperature may cause an explosion.
