# PRODUCTION ART

## REQUIREMENTS & GUIDELINES

Use [MyLogomark's](http://www.logomark.com) Upload Artwork feature at [www.logomark.com](http://www.logomark.com) to submit your art files online or send via email to [art@logomark.com](mailto:art@logomark.com).

### PRINT METHOD

#### ACCEPTABLE FILE FORMATS

Vector files must be saved in \*.ai, \*.eps, or \*.pdf formats with all text outlined. Bitmap files must be saved at a minimum of 600dpi and at 100% of final output size. Laser and deboss artwork must have halftones and gradients removed prior to submission.

#### UNSUPPORTED FILE FORMATS

InDesign, QuarkXPress, Microsoft Office files cannot be used for production.

#### PERSONALIZATION LISTS

Personalization lists must be submitted in .txt, .xls, or .doc formats.

#### EMAIL ART ONLY TO: [art@logomark.com](mailto:art@logomark.com)

No correspondence will be provided at this address.

Client artwork will be kept on file for a period of 12 months.

### VECTOR VS. BITMAP

Vector based artwork is resolution independent and can be scaled to any size without loss of detail. Bitmaps are comprised of pixels that enlarge when the image is enlarged. The larger a bitmap gets, the more the pixels will be visible.

### RESOLUTION

Resolution refers to the amount of pixels in a particular image and is generally measured in (d)ots (p)er (i)inch. High resolution files 600 dpi and a minimum of 100% final output size are preferable.

### GRADIENTS

Gradients cannot be reproduced on any laser engraved product. Limited gradients can be printed subject to art approval. Full color and gradient imprinting is available on all vinyl and full color transfer products.

### B/W VS. COLOR

Black and white line art or separated color art is required. Multi-color bitmaps are not acceptable as they cannot be traced into the separated colors.

Stock colors will be used if PMS is not specified on order. Some colors have no exact PMS match and the closest shade is referenced. Actual colors may vary slightly.

The colors shown on this page and throughout this catalog have not been evaluated by Pantone, Inc. for accuracy and may not match the PANTONE® Color Standards.
